

# How To Guide entertainrr Entry Plus Android

# You will learn

## How to...

**Download and Install the app**

2 Minutes

**Configure the app settings**

2 Minutes

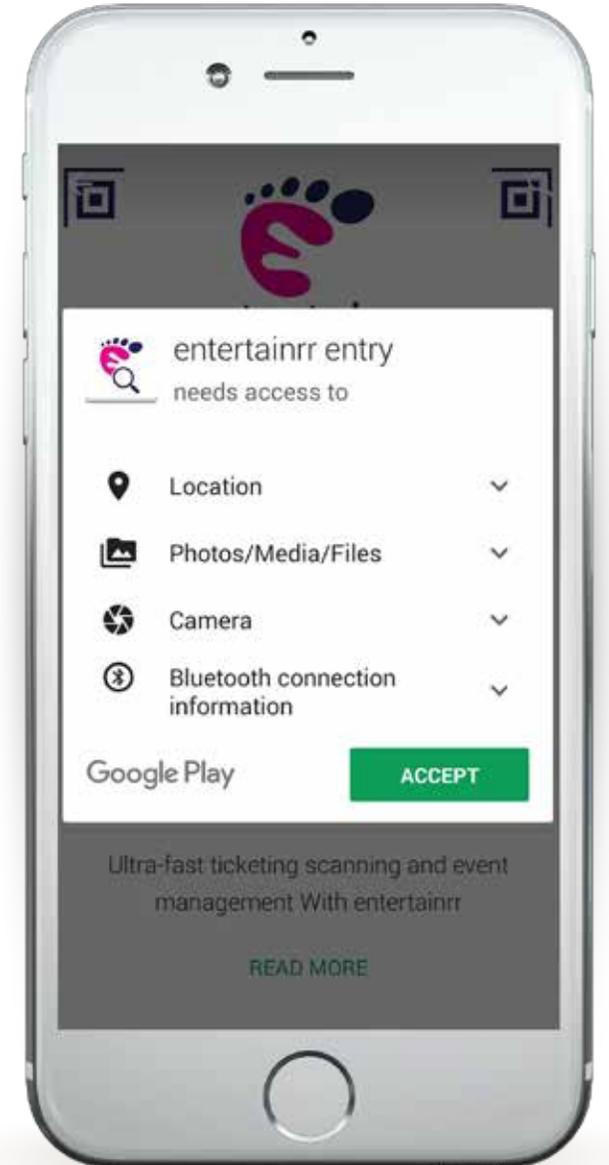

**Scan tickets and manual entry**

5 Minutes

# 1. Download and Install the app

- Visit the google play store on your device
- Search for “entertainrr”
- Download the app and wait for it to install

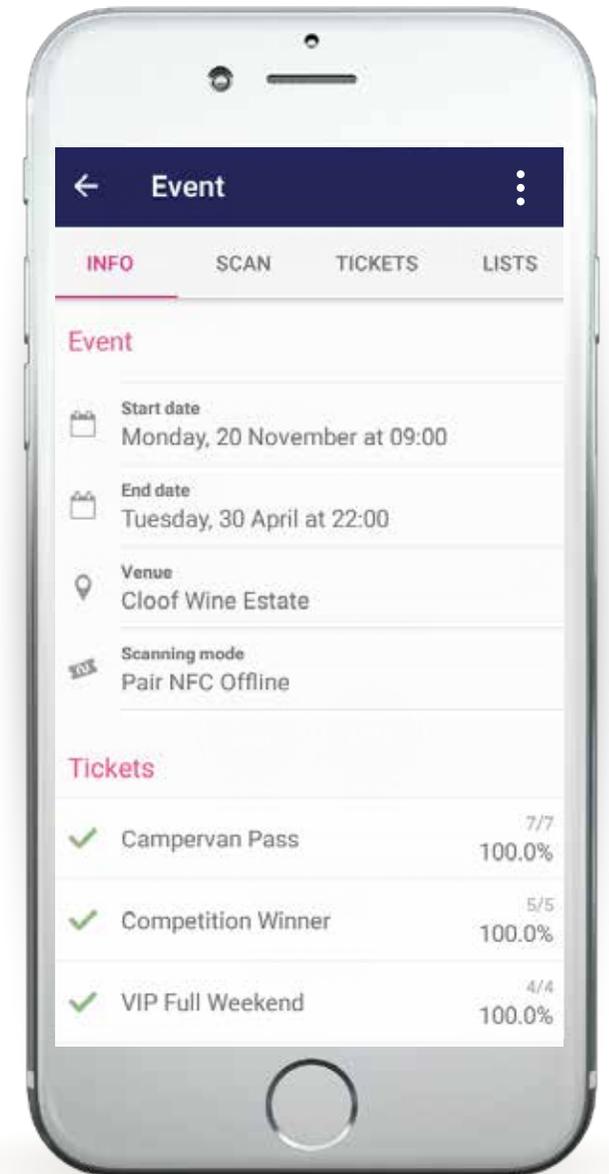

## 2. Configure the App settings

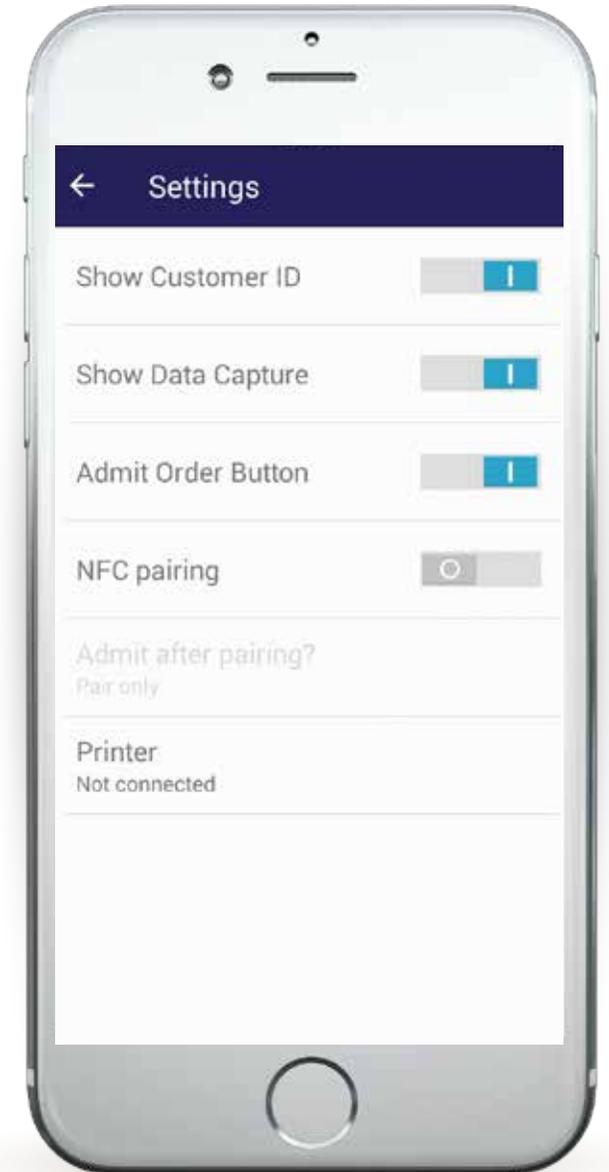

- **Locate the App on your device and launch it**
- **Enter your login details (the same details you use to log in to entertainrr)**

- The “Events” tab will show any events you have scheduled for today
- Please note: Your event will only appear on the list on the day of the event!
- Refresh the event list by pulling down on the screen

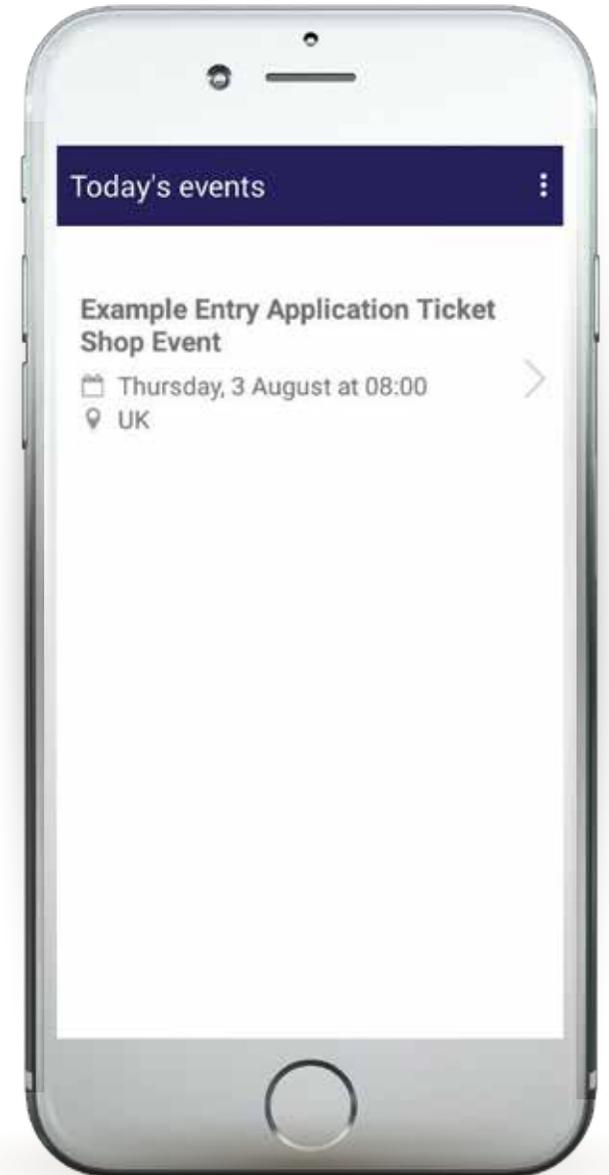

- Press the three dots at the top right of the screen and select “Settings”
- Select “Show Customer ID”, “Show Data Capture” & “Admit Order Button”

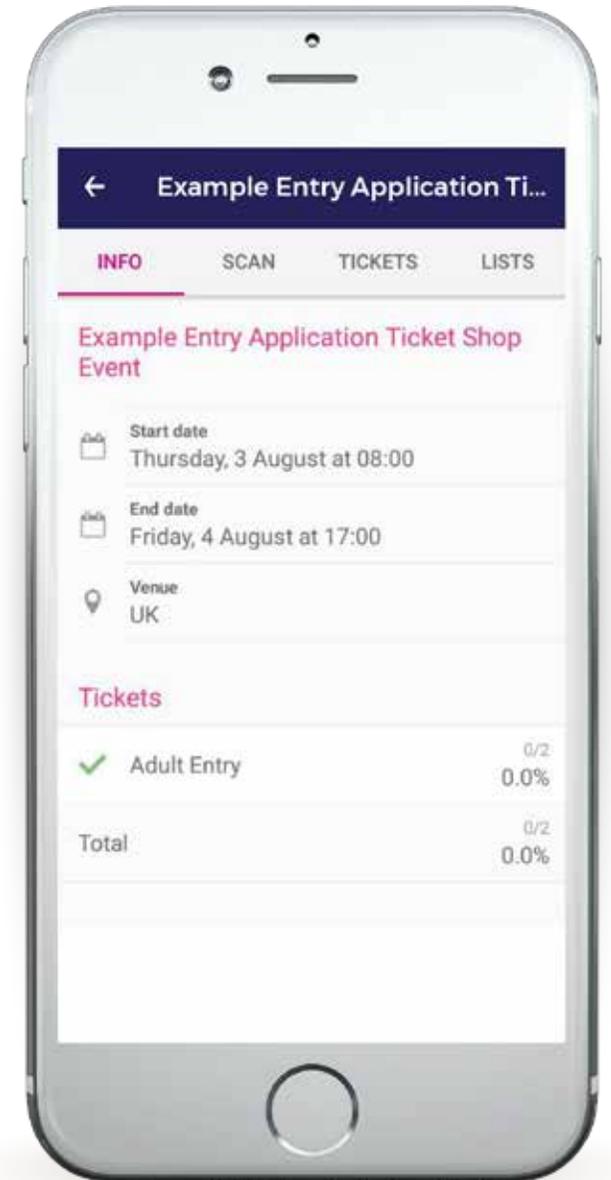

# 3. Scan tickets + manual entry

- Go back to the Events tab and select the relevant event the list
- If your event does not show, Refresh the screen by pulling down

- You will be taken to the event Info screen where you can see details of the event such as:
  - Event Name
  - Start and End (Date/Time)
  - Ticket type
  - How many of each ticket has been scanned/total sold
  - Any guest lists you have set up for your event

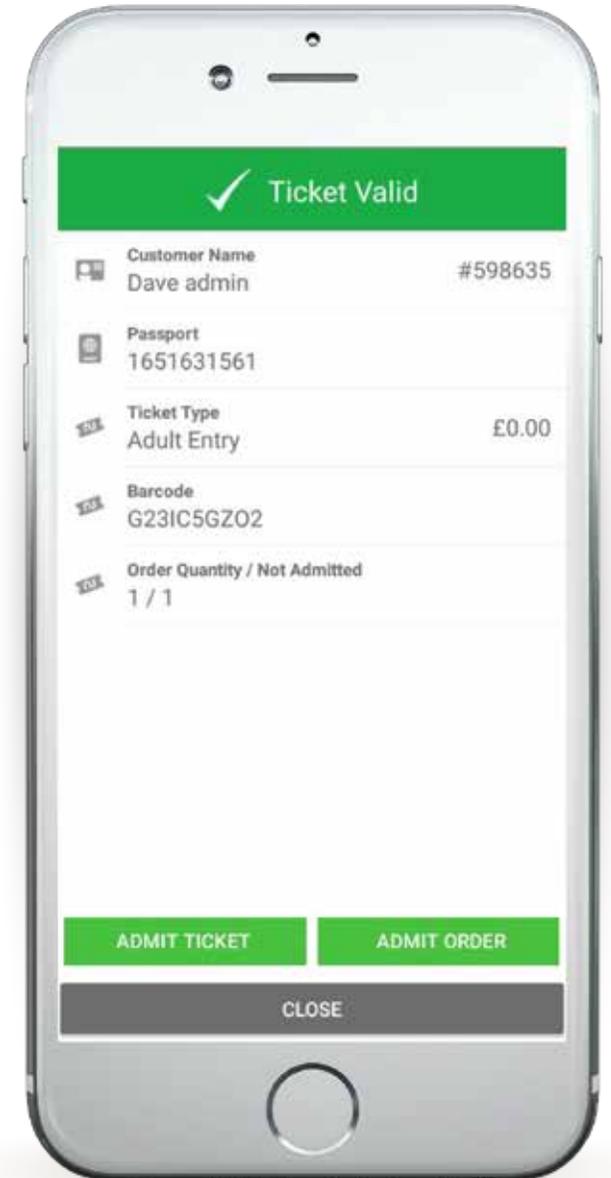

- Press “Scan”
- Find the QR code on the customers ticket and hover it under the scanner

- **If the ticket is valid you will see the “Ticket Valid” confirmation**
- **Admit just the single ticket by pressing “Admit Ticket”**

**OR**

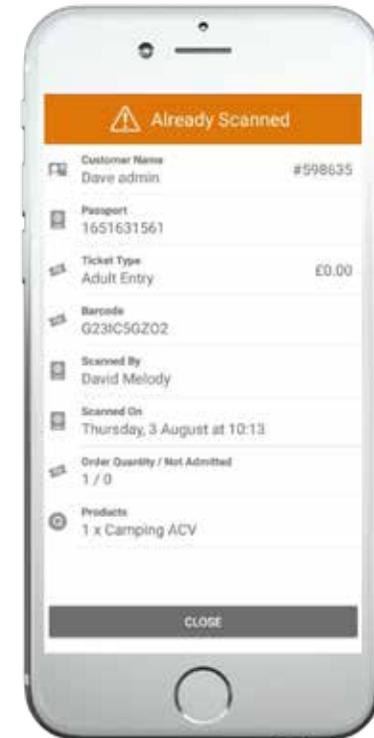

- **Admit all ticket placed on the order by pressing “Admit Order”**

- If ticket has already scanned you will see the “Already Scanned” message”

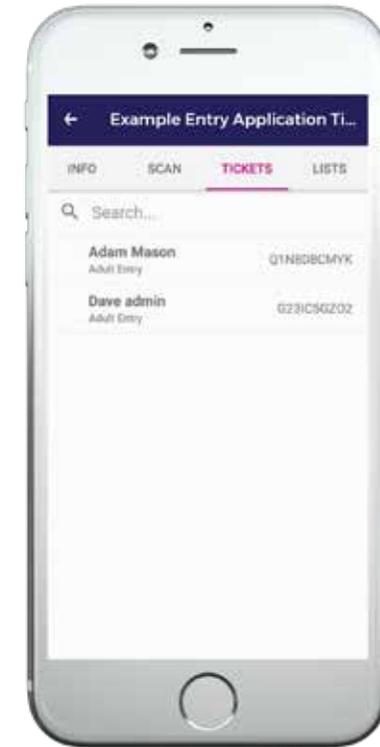

- If the ticket is not yet valid you will see the “Not Yet Valid” message, telling you when ticket is valid from

- If the ticket is damaged you can perform a manual entry
- Press “Manual Entry” and enter the barcode in the box that follows

- You can also perform a manual entry by selecting the “Tickets” submenu
- Search for the name of the ticket owner

- Click their ticket from the list
- Chose to “Admit Ticket” or “Admit Order”
